SUMMARY

I am a junior web developer specializing in front-end development. With strong web development skills, my goal is to become a proficient front-end developer. I am enthusiastic about starting a career that offers continuous learning and growth opportunities in this field.

EXPERIENCE

Bappeda JABAR – Bandung, Indonesia

Internship (May 2018 – July 2018)

- Designed the user interface of a journal activity website using Bootstrap.
- Implemented the website design.
- Assisted in developing the backend functionality using native PHP.

Bangun Rahmat Teknik – Bandung, Indonesia

Freelance (February 2023 – April 2023)

- Developed and integrated website features using React.js.
- Designed profile page layouts with Tailwind CSS for styling.

Posyandu Desa Wangunsari – Bandung, Indonesia

Internship (September 2022 – December 2022)

- Collaborated on designing the user interface for the Posyandu website.
- Built and implemented the frontend for the website using Laravel and Bootstrap.
